## MANUFACTURING CONTROL SYSTEM CERTIFICATE

**No. 1390-CPD-0033/06/Z**

In accordance with the Council Directive 89/106/EEC of European Economic Community of the 21<sup>st</sup> December 1988, on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products (The Construction Products Directive – CPD), as amended by the Council Directive 93/68/EEC of European Economic Community of the 22<sup>nd</sup> July 1993, and in accordance with the provision of the Section 5, Article 1, Letter e) of the Government Regulation No. 190/2002 Coll., laying down the technical requirements for construction products bearing the CE marking, as amended by the Government Regulation No. 251/2003 Coll. and 128/2004 Coll., it is approved that the construction products

**FATRAFOL 810/V**

**plasticised polyvinyl chloride (PVC-P) based hydroinsulation foil for roofs  
according to ČSN EN 13956:2006**

<b>producer:</b>	<b>FATRA, a.s., tř. T. Bati 1541 763 61 Napajedla</b>
<b>taxpayer registration number:</b>	<b>CZ27465021</b>
<b>manufacturing plant:</b>	<b>FATRA, a.s., tř. T. Bati 1541 763 61 Napajedla</b>

are put by the producer to the initial tests on the type of product and the manufacturing control system and to other tests of samples in the prescribed manner and that the Notified body 1390

**Centrum stavebního inženýrství a.s. Prague, workstation Zlín**

carried the initial inspection in the place of manufacturing and in the manufacturing control system, and performs the continuous supervision, appraisal and approval of the manufacturing control at the place of producer.

This Certificate proves that all provisions concerning the appraisal of the manufacturing control system described in the annex ZA standards

**ČSN EN 13956:2006**

were applied.

This Certificate was issued on the 22<sup>th</sup> December 2006 for the first time and shall remain valid until the conditions determined in the harmonized technical specification, where the reference is mentioned, or production conditions in the place of production or the manufacturing control system significantly change.

In Zlín, on the 22<sup>th</sup> December 2006

Ing. Petr Kučera, CSc.  
representative of Notified body 1390
